THE  
**BOGLIASCO**  
FOUNDATION

## The Bogliasco Foundation

is a nonprofit organization that provides residential fellowships for accomplished artists and scholars at the Bogliasco Study Center.

The Study Center is comprised of three unique villas on the Mediterranean Sea in the village of Bogliasco, Italy, which is located between two UNESCO World Heritage Sites, the city of Genoa and the Cinque Terre. The villas of the Study Center were privately owned until the 1990s, when the Foundation was created by members of the Biaggi family, and the Bogliasco Study Center for the Arts and Humanities opened its doors.

The Study Center is one of the few residential institutions in the world dedicated to bringing together artists and scholars from all nations and from all of the humanistic disciplines.
