

SOCIETÀ DI AMICI

BOGLIASCO
FOUNDATION

We cordially invite you

to join the Società di Amici, the Bogliasco Foundation's annual membership program. By doing so, you will make an important contribution to the future vitality of the arts and letters, those disciplines that have, in large measure, defined human existence.

The Bogliasco Foundation is an American 501(c)3 non-profit organization operating in Italy. Its mission is to support the Arts and Humanities and international cultural exchange by providing residential Fellowships for gifted artists and scholars of all nations at its study center in Bogliasco, a small coastal town located near Genoa. Taking inspiration from this historically significant port, which has brought global travelers together throughout the ages, the Foundation provides ideal work conditions and encourages cross-pollination within a diverse community composed of the world's most innovative creative minds.

SOCIETÀ

The generosity of the Bogliasco Foundation's most important group of supporters, the Società di Amici, is the cornerstone of our mission to support the work of artists and humanists through our fellowship program at the Bogliasco Study Center. In appreciation of your gift of \$1,000 or more, the Foundation is able to offer membership privileges including invitations to events with Bogliasco Fellows, signed works by our Fellows, and, in some cases, personalized invitations to visit the Study Center and dine with the Fellows in residence.

Annual giving levels are named after the varieties of flora that are indigenous to Liguria. Each of these plants can be found on the grounds of the Study Center.
